Objective : EventHive is a seamless event management platform with intuitive UI for creation, registration, profiles, dashboards, community engagement, and feedback.
Tools : React, Figma, Python, CSS.

Webinar & Events

- The Ethos of CryptoCurrencies: A Philosophical and Technical Overview of the Future of Money, March 2023

Workshops & Competitions

- Useless Project TinkerHub, November 2024
- IBM Z Datathon 2024 - A Global Datathon Event, December 2024
- Cybersecurity and Ethical Hacking Techmaghi and IIT Delhi, November 2023
- Chakravyuha, a 24-hour National level Hackathon IEEE, October 2023
- NASA International Space Apps Challenge, October 2023
- Young Innovators Program 5.0 K-DISC, June 2023
- DUSK TILL DAWN Hackathon STACS, April 2023
- HACKTIV - Cyber Security Workshop NSSCE, April 2023

Achievements

- Cleared GATE 2025 with AIR 11017
- Completed Ethical Hacking 12-week NPTEL course, October 2024
- ASAP Idea Fest Kerala Level 2nd Place, September 2024
- UI/UX Design Competition STACS 2nd Place, November 2023
- Winner of the Web Master: A Web Development Mastery Challenge TinkerHub, November 2023
- Completed Problem Solving Through Programming in C 12-week NPTEL course with Silver medal, October 2023
- C Programming Quiz 1st prize by IEEE, August 2023
- Hackfiesta v2.0, a 24-hour hackathon 2nd Place, June 2023

Community Work

- Volunteered Fossera 4.0 Hackathon, March 2025

Hobbies & Extra-Curricular Activities

- Music
- Gym
